

GRAND BALLROOM - 47'6" X 25'0"

The Ballroom features an elegant modern, yet timeless design awash in neutral tones that are punctuated throughout by dark finished millwork. The jewel of the room is a high-impact, iridescent leaded glass skylight that inspires thoughts of Parisian architecture. Sleek wall sconces provide a warm glow, and contemporary artwork enlivens the grand and versatile space, which can be adapted and personalized to suit a wide range of tastes and purposes.

CONSERVATORY - 37'6" X 20'4"

The sunny Conservatory adjoins and extends the Ballroom via floor-to-ceiling, sliding mirrored pocket doors. An extension of the restaurant's Terrace and Fountain Courtyard, The Conservatory is filled with prized natural light that streams in from arched glass doors that overlook the lushly landscaped gardens. Overhead is a graceful bronze Spanish Cyprus tree branch, a chandelier sculpture that illuminates the room.
